

WARRANTY NUMBER

## ABC-Arrow Coil™ LIFETIME LIMITED GUTTER SYSTEM WARRANTY Plus Fade Protection

### ABC Seamless Steel Gutters with PVC Coated Finish

ABC Seamless PVC coated gutters are warranted by Arrowhead Products through ABC, Inc.

ABC Seamless PVC coated steel gutters are warranted against failure due to rust, cracking, chipping, peeling or blistering as a direct result of defects occurring in the manufacturing process, under normal use and service subject to the terms and conditions contained in this Warranty. This Warranty is exclusive to the original property owner. Some provisions of this Warranty may extend for the lifetime of the original property owner.

Additionally, the gutters, after the removal of dirt and any foreign surface deposits, are warranted not to show a color change in excess of 5 Delta E Units as a result of normal weathering or ultraviolet exposure, for a period of ten (10) years from the date of installation.

Sealants and caulks used at mitres and drop outlets are warranted against failure for a period of one (1) year from the date of installation. No other warranties are extended on sealants or caulks.

The cost of necessary labor connected with repair, refinishing, or replacement of any defective materials is covered for a period of ten (10) years from the date of installation. After the first ten (10) years this Warranty covers only the cost of materials in the repair, refinishing, or replacement of the PVC coated steel gutters as hereinafter provided.

All claims under this warranty shall first be submitted to the ABC Seamless franchisee that installed the PVC coated steel gutter system. Should the warranty claim fail to be resolved by the Franchisee within thirty (30) days, the claim shall then be submitted in writing to ABC, Inc.

The warranty claim must be submitted by certified mail to ABC, Inc., Attn: Warranty Department, 3001 Fiechtner Drive, Fargo, North Dakota, 58103. The written claim must name the ABC Seamless Franchisee, describe the defect, provide the date of installation, provide proof of purchase, proof of ownership, and include a one hundred (\$100) dollar service charge payment for each warranty claim. ABC Seamless/Arrowhead Products may, at its option, repair, refinish, replace, or refund the original purchase price for damaged portion only of the defective PVC coated steel gutter according to the following pro-rated formula:

a. During the first ten (10) years after installation ABC Seamless/Arrowhead Products shall pay 100% of the cost of materials and labor in repairing, refinishing, or replacing the defect in the PVC coated steel gutters.

b. During the eleventh (11th) year after installation and in each subsequent year thereafter to the nineteenth (19th) year, the Warranty for the cost of materials shall be reduced by 10% per year. For example, starting the fifteenth (15th) year, ABC Seamless/Arrowhead Products shall be responsible for 50% of the cost of the materials for repairing, refinishing, or replacement of defective materials. No labor costs are covered after the tenth year.

c. After the nineteenth (19th) year, ABC Seamless/Arrowhead Products shall continue to be responsible for 10% of the cost of materials only in the repairing, refinishing, or replacement of defects covered by the Warranty on the PVC coated steel gutter system.

ABC Seamless/Arrowhead Products does not warrant materials other than the PVC coated steel gutter system. Materials such as fascia board, drip edges, or rafter tails are not covered. Any damage to the PVC coated steel gutters caused

by mis-use, abuse, or casualty loss are not covered by the Warranty. Any errors in workmanship in the installation of the PVC coated steel gutter system are the sole responsibility of the ABC Seamless Franchisee. This Warranty covers materials used in the PVC coated steel gutter system against failure due to rust, cracking, chipping, peeling, or blistering caused by defects in the manufacturing process. The owner is responsible for maintenance and the cleaning of leaves, debris, or any foreign objects in the gutter system. ABC Seamless/Arrowhead Products assumes no liability for any damage to the gutter system or to the building to which it is attached, including the foundation. ABC Seamless/Arrowhead Products does not warrant against damage to the gutter system caused by shingles or roofing materials or events occurring after installation of the PVC coated steel gutter system. Normal weathering, ice damage, mildew, oxidation, chemical pollutants, structural defects, settlement of building, failure of the structure (including foundations and walls), acts of God, fire, flood, windblown objects, accidental damage, falling objects, explosions, negligent maintenance, normal fading, abuse, vandalism, impact of foreign object, corrosive influences, or any other cause not involving inherent manufacturing defects in the material are conditions expressly excluded from coverage under this Warranty. Normal weathering may cause any surface to oxidize, chalk, or accumulate surface dirt or stains due to varying exposures to sunlight, weather and atmospheric conditions. The geographic location, the quality of the atmosphere and other local factors in the area, over which ABC Seamless/Arrowhead Products has no control, contribute to the severity of these conditions.

This warranty excludes damage to the products installed within two (2) miles of salt water.

This Warranty shall remain in effect only if regular maintenance and cleaning practices are performed by the owner of the gutter system. (See reverse of this document for cleaning information). This Warranty shall be null and void if harmful cleaning compounds are used on the PVC coated steel gutter system.

The statements contained in this document set forth the only express warranties extended by ABC Seamless/Arrowhead Products for the PVC coated steel gutter system. It is the responsibility of the original property owner to verify that the gutters installed are approved products of ABC Seamless/Arrowhead Products. If gutter coil is not purchased from the above mentioned, warranty will be null and void. No employee, franchisee, salesperson, or subcontractor is authorized to alter or modify, in any way, this Warranty. The provisions of this Warranty do not provide the property owner with authority to recover any incidental or consequential damages for breach of any express or implied warranty on the PVC coated steel gutter system.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This Warranty gives you specific legal rights, and you may also have other legal rights in addition to this Warranty, which vary from state to state.

This Limited Warranty has been validated, having been registered online by the ABC Seamless franchisee or its employee. Warranty coverage to the property owner expressed herein is active.
