

It's time to fall in love with your home all over again.

Whether you're replacing your old windows because they're broken, drafty, or require too much maintenance, we know you have lots of questions. There are many considerations—glass, window frame material, style, hardware, color and warranty to name a few. But most importantly, you want the job done right. You want it to be a smooth, easy process, and you want it to be done by a company you can trust before, during and after installation.

That's why you want Renewal by Andersen. We offer a start-to-finish process. All you need to do is sit back and relax, knowing you made the right choice in window replacement.

The Renewal by Andersen® Difference

Peace of Mind Comes Standard

Renewal by Andersen is the exclusive start-to-finish window replacement subsidiary of Andersen Corporation, the most recognized window brand in the United States.

We were founded with a mission to change the window replacement industry by offering a 'different and better' window replacement experience. We own the process from sales through installation and service, and we promise one-stop accountability.

See for yourself the difference our standards for quality and service will make in your window and door replacement experience. We make it easy.

An Unmatched History

Founded in 1903, Andersen Corporation quickly revolutionized the way windows were built and installed. Over the years, Andersen has introduced many industry firsts. Andersen continues to be a leader in producing products that last longer, look better and function smoothly for many years.

To this day, Andersen Corporation operates under the core principles founder Hans Andersen put in place over a century ago. When you purchase Renewal by Andersen windows, you're purchasing time-tested innovation, and a piece of history that will last for years to come.¹

OVER
114
YEARS
OF
Innovation
AND
Excellence

Over 3 million windows installed.

Gliding Fractional Vent Window / Terratone Interior

ENGINEERED WITH
FIBREX[®]

Andersen
EXCLUSIVE
FEATURE

Never worry about scraping or painting¹ your windows again!

Customer Service

Our professional sales consultants and expert installation teams are with you every step of the way.

Products

Innovative products and features are available throughout our product line.

Professional Installation

Our installers are experienced and understand the many critical steps involved with installing your new windows and doors properly.

Limited Warranty

We offer one of the strongest limited warranties of any window and door manufacturer and it is fully transferable should you sell your home.¹

Customer-Focused Engineering and Innovation

Exterior

FUNCTIONAL REQUIREMENTS:

- Thermal analysis
- Structural analysis

ENGINEERING SOLUTION:

- Increase product performance

HOMEOWNER BENEFIT:

A strong balance of energy efficiency and strength, offering some of the largest casement window sizes.

STANDARD
FEATURE

FUNCTIONAL REQUIREMENTS:

- Hardware mechanics

ENGINEERING SOLUTION:

- Low profile hardware with fold-down nesting handle

HOMEOWNER BENEFIT:

Nesting casement window hardware reduces interference with window treatments.

Casement Window
Red Rock Exterior
Simulated Double-Hung Farmhouse Grilles

FUNCTIONAL REQUIREMENTS:

- Strengthen corner joints
- Increase window beauty

ENGINEERING SOLUTION:

- Utilize mortise-and-tenon corner joint

HOMEOWNER BENEFIT:

Unique corner key design increases structural integrity and beauty.

FUNCTIONAL REQUIREMENTS:

- Ease of cleaning

ENGINEERING SOLUTION:

- Incorporate hardware that allows for accessibility

HOMEOWNER BENEFIT:

Ease and safety while cleaning your new windows – no more ladders!

With safety and convenience in mind, our double-hung, casement and gliding windows are easy to clean from the interior of your home.

What are Renewal by Andersen® windows made of?

All of our windows are made of Fibrex® material, a revolutionary composite made from reclaimed wood fiber blended with a polymer. This gives our windows the strength and durability of wood, and the low-maintenance features of vinyl while greatly limiting thermal transmittance found in other window materials such as metal.

Warranted not to flake, rust, blister, peel, crack, pit, or corrode.¹

ENGINEERED WITH
FIBREX®

Andersen
EXCLUSIVE
FEATURE

Years of proven innovation results in products and people you can trust.

Interior

FUNCTIONAL REQUIREMENTS:

- Reduce air infiltration

ENGINEERING SOLUTION:

- Integrate weatherstrips into side jambs

HOMEOWNER BENEFIT:

Reinforced seals provide a high level of protection against drafts.

FUNCTIONAL REQUIREMENTS:

- Water management

ENGINEERING SOLUTION:

- Gravity
- Angled sill

HOMEOWNER BENEFIT:

Sloped sill drains water away from the window.

Double-Hung Window
Pine Interior / Custom Grilles
Satin Nickel Estate Hardware

FUNCTIONAL REQUIREMENTS:

- Sash design options and historical compatibility

ENGINEERING SOLUTION:

- Integrate interior and exterior grilles into window design

HOMEOWNER BENEFIT:

Add grilles to the inside, outside and even between the glass of your new window.

FUNCTIONAL REQUIREMENTS:

- Window operation

ENGINEERING SOLUTION:

- Incorporate balancer system

HOMEOWNER BENEFIT:

Effortless opening and closing of window.

SMART MATERIALS

Fibrex® material is twice as strong as vinyl, so weathertight seals stay weathertight.

COLOR CHOICE

Our unique process fuses color to Fibrex® material for long-lasting beauty as well as offering dark exterior colors not available on most other replacement windows.

EXCEPTIONAL COMFORT

Fibrex® material blocks thermal transfer nearly 700 times better than aluminum to help reduce heating and cooling bills.

EXCEPTIONAL DURABILITY

Fibrex® material retains its stability and rigidity in all climates.¹

Five Key Environmental and Energy Solutions

While we care about you and your home, we also care deeply for the world in which we all live.

See our Environmental and Energy Solutions Brochure for additional information.

Double-Hung

WINDOWS

This classic window style is an excellent choice no matter where you live. Choose gently curved Contemporary or squared Traditional Check Rails.

CONVENIENT

Easy cleaning from the inside.

ELEGANT

Traditional look of mortise-and-tenon styling.

ACCURATE

Appropriate for restoration and renovation projects.

Double-Hung Equal Window

Double-Hung Windows / White Interior

Double-Hung Cottage Style and Picture Combination Window / White Interior / Colonial Grilles

Double-Hung and Double-Hung Cottage Style Windows / White Exterior / Colonial Grilles

Casement and Awning WINDOWS

Casement windows catch a breeze and direct fresh air indoors, allowing the most ventilation of any window style. Awning windows let in fresh air, even on rainy days!

EASY

Casement windows open wide to allow easy cleaning of outside glass from the inside³ and can be hinged from the right or left.

EFFICIENT

Casement and awning windows are our most energy-efficient ventilating window styles.

SECURE

One lever positioned in an easy-to-reach location, securely locks the casement window at multiple points for a weathertight seal.

CONVENIENT

Awning windows are recommended for use over cabinets, counters, or areas where opening and closing require a reach.

Casement Window

Casement Double Window

Awning Window

Use grilles to mimic the appearance of double-hung windows for a historically accurate look

Awning Window / Pine Interior

Casement Window / Terratone Interior

Gliding

WINDOWS

Whether you're creating a new look or matching the original window style of your home, maximize your view with slim, easy to slide, contemporary gliding windows.

BEAUTIFUL

Narrow, contoured frames allow more glass viewing area.

RELIABLE

Fibrex® material tracks are shaped for easier cleaning and will not pit, rust or corrode.¹

VERSATILE

Both sashes slide, so you can open either the left side, the right side or a portion of both.⁴

UNIQUE

A great solution when a projecting window may interfere with walkways, patios, decks, or landscaping.

How Window Performance is Rated

Energy Efficiency Rating

To help homeowners, in 1992 the National Fenestration Rating Council (NFRC) established an independent third party rating, certification and labeling program for windows, doors and skylights (fenestration

Warm Weather Performance

Cool Weather Performance

 	
Certified Casement Picture Window Dual-Pane Low-E4 SmartSun Glazing with Argon Product Type: Fixed	
ENERGY PERFORMANCE RATINGS	
U-Factor 0.26 (U.S./I-P)	Solar Heat Gain Coefficient 0.23
Visible Transmittance 0.53	Air Infiltration 0.00
<small>Manufacturer certifies that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not recommend any product and does not warrant the suitability of any product for any specific use. Consult manufacturer's literature for other product performance information. www.nfrc.org</small>	

Sample label shown

products). Renewal by Andersen displays the NFRC label on all of its windows. This label means that the entire window unit has been rated and certified, not just the center of the glass or individual components. See our Energy Efficiency brochure for additional information.

Picture

WINDOWS

Transform your home with picture windows that can stand alone beautifully or can be combined with other window styles for added curb appeal.

ADAPTABLE

Match or change your home's appearance by combining picture windows with other windows.

STRONG

Using strong Fibrex® material frames, our picture windows easily support the weight of the heavy glass commonly needed for large picture windows.

VERSATILE

Like all of our windows, picture window glass is available tempered, tinted, or in a wide variety of decorative patterns.

Grille OPTIONS

Customize Your Windows

Renewal by Andersen offers a wide range of creative grille patterns to enhance the look of your home.

All of our grilles are designed to be long-lasting¹ with low-maintenance performance. With such a broad range of high-profile grille options, you can match your home's current architecture, change the look and style of your home or incorporate them into a renovation project for historical accuracy.

Whether it's for historical accuracy or creating an eye-catching new look, window grilles create instant curb appeal.

Profiles

Full Divided Light Grilles

Full divided light grilles provide a visual representation of true divided glass. The option consists of a permanently applied exterior Fibrex® material grille, an aluminum spacer between the glass, and a removable or permanently applied interior grille. Available in two widths and an array of colors.

PERMANENT

Grilles Between-the-Glass

Aluminum grilles are permanently installed between the panes during manufacturing, providing the beauty of grilles with the quick cleaning of a smooth glass surface. Available in two widths and an array of colors.

REMOVABLE

Interior Wood Grilles

Made of hardwood, these grilles snap into clips on the interior of the sash and can be easily removed to make glass cleaning a breeze. Available in two widths.

Double-Hung Windows / White Exterior / Modified Prairie Grilles

Double-Hung Window
Black Exterior / Custom Grilles

Repel Invaders

Insect screens are included on every operable Renewal by Andersen® window. Each is lightweight and designed to be easily removed from the inside of your home for easy cleaning. All insect screens are constructed with an aluminum frame and your choice of fiberglass, aluminum or our innovative TruScene® insect screens. Half insect screens are available on double-hung windows.

TruScene® Insect Screen

TruScene® insect screens are like nothing you've ever seen!

High Transparency

TruScene® Insect Screen

With over 50% more clarity than our standard insect screen⁸, it's virtually invisible. TruScene insect screens are made with a micro-fine stainless steel mesh that's one-third the diameter of standard screen wire⁸ to let more fresh air and sunlight in, while keeping most of the smallest insects out.

- Lets more light in
- Superior ventilation
- Protection against some of the smallest insects
- Patented technology

Wood-Veneered TruScene® Insect Screen

Our wood veneered TruScene® insect screen blends seamlessly into the window frame and can be stained or painted to match your decor. Available on casement and awning windows only.

Conventional

Fiberglass Insect Screen

Fiberglass is the most common type of insect screen. It is strong and keeps the majority of bugs out while allowing plenty of air flow.

Aluminum Insect Screen

Our aluminum insect screen has a charcoal powder coating to reduce glare and increase visibility. It is also strong, and has good ventilation and corrosion resistance.

Hardware Finish OPTIONS

Sophistication...a whisper
of style and confidence.

Define Your Style

Not only does Renewal by Andersen hardware function well, but its metal construction is also long-lasting.¹ With multiple color options, you can match your home's existing colors or change the look by choosing a new color that complements your new windows.

With so many design options, you can create the windows you've always wanted with the design features that are right for you and your home.

Do you want to make your mark? With our Estate™ Hardware metal finishes, explore the many creative possibilities sure to add charm to your home that others will notice!

Patio Door Engineering

A combination of details
not found elsewhere.

FUNCTIONAL REQUIREMENTS:

- "Performance Grade LC (Light Commercial)" water and air leakage resistance

ENGINEERING SOLUTION:

- Weatherstrip interlock system

HOMEOWNER BENEFIT:

Patio doors with a higher performance grade than other residential patio doors.

FUNCTIONAL REQUIREMENTS:

- Reduce water infiltration during extreme weather events

ENGINEERING SOLUTION:

- Contain and drain sill (Frenchwood® Patio Doors only)

HOMEOWNER BENEFIT:

Rare water infiltration, even in the worst storms, because excess water is contained, then drained away from the house.

Frenchwood® Gliding Patio Door
Pine Interior
Newbury® Bright Brass Hardware

FUNCTIONAL REQUIREMENTS:

- Door operation

ENGINEERING SOLUTION:

- Ball bearing track rollers

HOMEOWNER BENEFIT:

A gliding door that glides reliably and has superior weathertightness.

FUNCTIONAL REQUIREMENTS:

- Strengthen corner joints
- Increase patio door beauty

ENGINEERING SOLUTION:

- Mortise-and-tenon corner joint

HOMEOWNER BENEFIT:

Unique corner key design increases structural integrity and beauty.

Patio Door Security

**STANDARD
FEATURE**

Gliding Patio Door Locks

The unique Andersen® reach-out locking system pulls the door panel snugly into the jamb for weathertightness and enhanced security.

**STANDARD
FEATURE**

Hinged Patio Door Locks

Five-point locking system improves energy efficiency and offers an increased level of security. Also available is an optional handle extension kit which creates additional clearance for interior blinds and shades.

All the Right Rays

Each Renewal by Andersen® glass option offers four unique benefits for heating, cooling, visible light transfer and ultraviolet (UV) protection. The glass solution for you depends on the climate you live in, the architectural design of your home, and the orientation of your windows to the sun.

A Revolutionary Sash Design

Renewal by Andersen's combination of high standards in engineering and exclusive materials are critical components for energy efficiency and long-term performance. Our glass constructions are certified for durability by the world's leading organizations for the engineering and manufacturing of insulating glass.

Performance

HIGH-PERFORMANCE

Low-E4® SmartSun™ Glass

SmartSun™ glass is our most energy efficient glass option. It has our highest efficiency rating in cool weather and is exceptional in hot climates where solar heat gain can lead to excessive air conditioning expense. SmartSun™ glass lets in almost as much natural daylight as clear glass.

- | | | |
|---|--|---|
| 45% more energy-efficient in winter ¹⁵ | 70% more efficient in summer ¹⁵ | Blocks 95% of UV rays that can damage drapes, artwork and furniture |
|---|--|---|

HIGH-PERFORMANCE

Low-E4® Glass

Helps to keep your home warmer in winter, cooler in summer and filters most ultraviolet rays. Outstanding overall performance in climates where both heating and cooling costs are a concern.

- | | | |
|---|--|-------------------------------|
| 45% more energy-efficient in winter ¹⁵ | 56% more efficient in summer ¹⁵ | Blocks 84% of harmful UV rays |
|---|--|-------------------------------|

HIGH-PERFORMANCE

Low-E4® SmartSun™ Glass with HeatLock™ Technology

Meets today's most stringent energy codes and requirements.

- | | | |
|-----------------------------|---|-------------------------------------|
| The newest glass technology | Reflects escaping heat back into the room | Makes your living space feel warmer |
|-----------------------------|---|-------------------------------------|

HIGH-PERFORMANCE

Low-E4® Sun Glass

Sun glass has our highest rating against solar heat gain coming through your window to help keep your home cooler in warm weather. A tint coating reduces the amount of visible light and sunshine streaming in from the outside.

Strength

Our tempered glass option is heat-treated to be at least four times stronger than regular glass.

Your Design:

Your Window Replacement Consultant will help you along every step of your project by...

- ...listening to your needs
- ...providing solutions that may add value to your home
- ...helping you determine the best style for your home
- ...communicating your project's progress
- ...saving you time and stress

Industry-Leading Warranty

We stand behind our products and services.

The Renewal by Andersen limited warranty is one of the strongest you'll find on any window or door, at any price. It's non-prorated and fully transferable. Every window we make is labeled with our toll-free number, should you have any issues with your window. It's one more way that you know we're here for you now and well into the future.

Your satisfaction is our measure for success.

Nationwide, a homeowner satisfaction survey is sent to each home after every project we do. Customer satisfaction is a primary component of the Renewal by Andersen culture. Your feedback has proven to be an invaluable asset as we continue our never ending mission to improve our products and services.

Call us today.

We would love to help you with your replacement project.

Window and Door Replacement from a Company You Can Trust®

Don't just take our word for it. Renewal by Andersen has long been committed to environmentally responsible products and manufacturing methods. Our efforts have been recognized by leading organizations with some of the most rigorous standards in the United States.
